Ambitious Full Stack Web Developer with an extensive background in psychology and basic medical knowledge who has experience building multiple full-stack applications. Enjoys coding web-based applications and has hands-on experience with front-end and back-end. Looking for a fast-paced environment with the goal to become Lead Dev.

Projects

Cozia | https://github.com/mstan19/cozia

Developed a MERN stack apparel e-commerce application.

- Incorporate server-side validations on login/sign up and other forms.
- Handle user and product data using CRUD operations.
- Create the backend server, models, and database connection.

ResuMade | https://resumade.herokuapp.com

Built an e-commerce MERN stack app that implemented the MVC paradigm to produce a formatted resume based on user's information.

- Managed and delegated stand-ups and progress of the app.
- Developed CRUD operator on the user's dashboard.

MeowWoof | https://sleepy-lake-64431.herokuapp.com/

Created a RESTful API that followed a MVC paradigm, which is designed to help keeping track of animals in a pet shelter.

- Designed a functional volunteer's dashboard.
- Created a dynamic surrender function that update database and volunteer's dashboard.

Experiences
